

GSA Region 2 - Keating Federal Courthouse Shadow Wall Project

Project Description

The Keating Courthouse in Rochester New York suffered from severe masonry issues at the privacy walls, penthouse walls and masonry curbs. RRI designed an entire shadow wall enclosure to encapsulate the entire masonry wall system.

Project Date

June 2009 (Mobilization) September 2009 (Completed on time)

Project Manager

Scott Mahoney; Project Management / Quality Control

Quality Control Personnel

GSA Monitoring - Jerry Boyle
RRI - Scott Mahoney

Delivery Method (*Design/Bid/Build or Design Build*)

Design / Build

Project Cost

\$501,416.62

Project Schedule (*Planned vs. Actual Schedule*)

The Project was a continuation of an earlier Roof Replacement project that was completed in 2008. The shadow wall project was designed and mobilized in early 2009 and completed on time by the end of that same year.

Total Area

12,432 Square Feet
